

When we speak of the Edmonton Huskies, everyone knows the coaches and the players but very few know the people behind the scenes. The heart of the Huskies are the volunteers. One such volunteer is Bob, a Past President of the Huskies, who leads the off field team of volunteers whether it be bingo's or other fundraisers. Bob works closely with the General Manager on day to day Football business and has been involved with the Huskies since the late 1980's. Like everyone else, Bob is very proud of the organization and the development of the young men. Bob is President of Eskimo Excavators Ltd.
